

# Moving the Circuit Forward to Reach 500 MILES BY 2025

## Circuit Progress

- Existing
- In Progress
- Pipeline
- Planned

The priority trail segment in the county is the I-95 Crossing. This segment's trail status is "pipeline," meaning the trail's sponsor or other organizations are actively working to move these trails forward by conducting studies, acquiring right-of-way, engaging local communities, and laying the groundwork to obtain funding for future design and construction.

## Mercer County

### 2021 Goal:

- Update the 295 Johnson Trolley Bridge study by way of a grant funded through the County, the Township and DVRPC to advance planning and build public support for the project.

## Mercer County

The following table sorts the 12 trail segments that are the "in progress" or "pipeline" categories by county. The table provides the trail segment's name, the trail corridor that it is part of, its mileage and its Community Impact Score. The Community Impact Score evaluates the impact these trails will have on residents based on equity, length, population, community need and connectivity potential. The combined results led to scores ranging from 0 to 11.9. The trail highlighted in green is the priority trail and is identified on the map in red.
