[Approved by Governor June 27, 2016. Filed with
Secretary of State June 27, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

SB 826, Leno. Budget Act of 2016.

This bill would make appropriations for the support of state government for the 2016–17 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2016.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state’s fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., state operations))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each business unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act and those used in the Governor's Budget and in the records of the Controller.

(d) Notwithstanding any other provision of law, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in the Financial Information System for California (FI\$Cal) resulting from or related to the conversion or implementation of FI\$Cal, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FI\$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI\$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FI\$Cal different from what is reflected in prior budget acts and other authorizing sources. A comprehensive cross-walk is being utilized to facilitate the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the State Controller and departments, and with that of the FI\$Cal system. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until a department is implemented in FI\$Cal.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2016–17 fiscal year beginning July 1, 2016, and ending June 30, 2017. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, performance criteria, and minor capital outlay appropriations are available for encumbrance until June 30, 2017.

(2) Construction and design-build appropriations are available for encumbrance until June 30, 2019, if allocated through fund transfer or approval to proceed to bid or approval to solicit design-build bids or proposals by the Department of Finance by June 30, 2017. Any funds not allocated by June 30, 2017, shall revert on July 1, 2017, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance until June 30, 2019.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Any report, audit, analysis, or evaluation issued by the Controller for the current fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.
5. The Controller shall deliver his or her monthly report, the Statement of General Fund Cash Receipts and Disbursements, within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of each house of the Legislature, the Department of Finance, the Treasurer, and the Legislative Analyst's Office.
 6. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested, the amount reduced by the initial desk audit, the amount paid, the amount recouped, and the results of a final audit and subsequent funding adjustments. The report is due on June 30 of the current fiscal year, and will cover the fourth quarter of the past fiscal year and the first three quarters of the current fiscal year.
 7. The Controller shall obtain actuarial valuation services to comply with governmental accounting and reporting standards for other postemployment benefits (OPEB). In addition to all other items required under the accounting and reporting standards, the report shall include: (a) an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees' Retirement System to estimate state pension obligations, and (b) alternative calculations of the state's OPEB liability using different long-term rates of investment return consistent with a hypothetical assumption that the state will begin to deposit 100 percent or a lesser percent, respectively, of its annual required contribution under governmental reporting standards to a re-

- tiree health and dental benefits trust fund. To avoid duplication of effort and promote efficiency and cost -effectiveness, the Controller and the Department of Finance will coordinate in obtaining additional actuarial valuation services related to OPEB plan liabilities and assets attributable to each of the state's collective bargaining units or other state entities or groups. This provision does not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.
8. The funds appropriated to the Controller in this act shall not be expended on additional actuarial valuations, beyond the annual actuarial valuations, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.
 9. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the 21st Century Project specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year, to be submitted annually but no later than August 30 of each year. The report should compare the known savings with the most recent estimate of projected savings and explain the methodology by which the savings were calculated.
 10. The Controller shall deliver yearend financial data as specified by the Department of Finance, for the immediately preceding fiscal year, in hardcopy and electronic format, by October 15 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.
 11. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the May Revision prior to enactment of this budget, and the Controller notifies

Item

the Department of Finance with its estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated to the Controller in this act by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

- 12. Of the amount appropriated in this item, \$326,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount above, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller may be augmented to reimburse the Department of Justice for legal services. An augmentation shall not be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.
- 13. The Department of Finance may reduce the amounts authorized under Item 0840-001-0001 of this act upon (a) successful completion of modifications by the Controller to the payroll system, and/or by CalPERS to the retirement system (my|CalPERS), that significantly reduces the number of records that the my|CalPERS system rejects; and/or (b) once the Controller has eliminated the backlog of Payroll Contribution Report and Retirement Enrollment Report discrepancies between the payroll and retirement systems, which in turn reduces the Controller workload related to the CalPERS Pension System Resumption. This adjustment shall be in coordination with the Controller and CalPERS. An adjustment shall not be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.

The semiannual estimates of Medi-Cal expenditures provided to the Legislature in January and May may constitute the notification required by this provision.
8. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the California Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.
9. The Department of Finance may transfer funds representing all or any portion of any estimated savings that are a result of improvements in the Medi-Cal claims processing procedures from the Medi-Cal services budget or the support budget of the State Department of Health Care Services (Item 4260-001-0001) to the fiscal intermediary budget item for purposes of making improvements to the Medi-Cal claims system.
10. Notwithstanding any other provision of law, the Department of Finance may authorize the transfer of expenditure authority between Schedules (1), (2), and (3) of this item and between this item and Items 4260-102-0001, 4260-111-0001, 4260-113-0001, and 4260-117-0001 in order to effectively administer the programs funded in

these items. The Department of Finance shall notify the Legislature within 10 days of authorizing such a transfer unless prior notification of the transfer has been included in the Medi-Cal estimates submitted pursuant to Section 14100.5 of the Welfare and Institutions Code. The 10-day notification to the Legislature shall include the reasons for the transfer, the fiscal assumptions used in calculating the transfer amount, and any potential fiscal effects on the program from which funds are being transferred or for which funds are being reduced.

11. If a federal grant that provides 75 percent federal financial participation to allow individuals in nursing homes to voluntarily move into a community setting and still receive the same amount of funding for services is awarded to the State Department of Health Care Services during the current fiscal year, then, notwithstanding any other provision of law, the department may count expenditures from the appropriation made to this item as state matching funds for that grant.
12. Notwithstanding any other provision of law, the Director of Finance may authorize an increase to this appropriation to address costs resulting from adverse court rulings. The Department of Finance shall provide a 30-day notice of any proposed increase to the Legislature. The notification shall include the specifics of any cases with adverse rulings and the overall fiscal impact. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the notification requirement of this provision if the required information is included in the estimate.
13. The Department of Finance may authorize the transfer of expenditure authority between Schedule (2) of Item 4300-101-0001 and Schedule (3) of this item to support the transition of current Medi-Cal eligible regional center clients receiving behavioral health treatment services pursuant to Section 14132.56 of the Welfare and Institutions Code upon completion of the statewide transition plan.

3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.
 4. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as “pending agreements”) that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to

 6. The Director of Finance may adjust this item of appropriation to reflect the health benefit premiums approved by the Board of Administration of the Public Employees' Retirement System or dental benefit premiums approved by the Department of Human Resources for the 2017 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.
 7. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, the Department of Finance shall provide written notification to the Joint Legislative Budget Committee regarding any expenditure of funds resulting from any side letter, appendix, or other addendum to a properly ratified memorandum of understanding.
 8. Notice provided pursuant to Provision 7 shall include a copy of the side letter, appendix, or other addendum (collectively addendum) and a fiscal summary of any expenditure of funds resulting from the agreement in the 2016–17 fiscal year and future fiscal years. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subdivision (a), (b), or (c) of this provision.
 - (a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, if all of the following apply:

 - (2) Any cost resulting from the agreement can be absorbed within the 2016–17 fiscal year appropriation authority of impacted departments.
 - (3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.
- (b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, if, during the legislative consideration of the 2016–17 Governor’s Budget, the Department of Finance identified to the Legislature both of the following:
- (1) The administration anticipated that the addendum would be signed during the 2016–17 fiscal year.
 - (2) Any costs resulting from the addendum are included in the 2016–17 Governor’s Budget or another piece of legislation.

3. A transfer of funds approved by the Director of Finance under this item shall become effective no sooner than 30 days after the director files written notification thereof with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.
 4. Each notification shall include all of the following: (a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director's determination that the expense is actually needed.  9. The Director of Finance shall submit any requests for supplemental appropriations in augmentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each program or project included in the schedule shall be limited to the amount specified for that program or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(f) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit” of \$99,787,000,000 for the 2016–17 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2016–17 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2016–17 Final Change Book for the 2016–17 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2016–17 fiscal year are \$51,050,173,000 or 41.4 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$45,439,862,000 or 36.9 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated to school districts and community college districts for adult education are \$505,000,000 or 0.4 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are \$5,527,721,000 or 4.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are \$82,590,000 or 0.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by and disbursements from the Education Protection Account.

SEC. 12.35. Notwithstanding any other provision of law, the Student Aid Commission shall not implement any change in policy or practice that would have a fiscal effect exceeding \$5,000,000 in any year to the costs of the programs funded in Item 6980-101-0001 unless the change is first approved by the Director of Finance and notice is provided by the Director of Finance to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house of the Legislature not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity for the change in policy or practice and (b) identify the fiscal effect of the change in the current fiscal year and subsequent fiscal years. It is the intent of the Legislature not to affect the entitlements of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provision of law, the unencumbered balances as of June 30, 2017, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2018, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more

payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2016–17 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2016–17 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2016–17 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2017, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

SEC. 15.25. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for data center services in the 2016 or 2017 calendar year.

(b) The aggregate amount of General Fund appropriation increases provided under this section during the fiscal year may not exceed the aggregate amount of General Fund appropriation decreases.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. The Controller shall offset General Fund payments to the Trial Court Trust Fund from Item 0250-111-0001 of Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 2578 of the Education Code. These offsets shall be recorded as a reduction of total expenditures and shall not be a reduction to any department or program budget item.

SEC. 24.00. For each fiscal year, the donations and oil and mineral revenues from federal lands that are deposited in the State School Fund shall be divided between Sections A and B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, 8.50, 28.00, 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to paragraphs (3) and (5) of Section 300.8(c) of Title 34 of the Code of Federal Regulations, that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

SEC. 24.10. (a) Notwithstanding Section 1464 of the Penal Code or Section 41304 of the Education Code, the amount reflected in Item 6100-

001-0178 of Section 2.00 shall have first priority of the amount received by the Driver Training Penalty Assessment Fund for the 2016–17 fiscal year. The amount retained by the Driver Training Penalty Assessment Fund for the purposes of Item 6100-001-0178 may be adjusted by the Department of Finance for actions pursuant to any section of this act.

(b) After moneys are retained by the Driver Training Penalty Assessment Fund pursuant to subdivision (a), the Controller shall transfer any remaining balances as follows: \$4,121,000 to the Victim-Witness Assistance Fund; \$9,800,000 to the Corrections Training Fund; \$360,000 to the Traumatic Brain Injury Fund; and \$9,200,000 to the Peace Officers' Training Fund. Any remaining unallocated moneys in the Driver Training Penalty Assessment Fund shall be transferred to the General Fund.

(c) If funding is insufficient to support the special fund transfers in the amounts specified in subdivision (b), the Controller shall transfer to the Peace Officers' Training Fund an amount equal to the total funding received by the Driver Training Penalty Assessment Fund, less the amount of funding necessary to satisfy the requirements of subdivision (a), and less the amounts transferred to the Victim-Witness Assistance Fund, the Corrections Training Fund, and the Traumatic Brain Injury Fund, pursuant to subdivision (b).

SEC. 24.30. Notwithstanding any other provision of law, the Controller, upon the order of the Director of Finance, shall transfer sale and lease revenues received pursuant to Sections 17089 and 17089.2 of the Education Code, in an amount determined by the Department of Finance, from the State School Building Aid Fund to the General Fund.

SEC. 24.60. Each state entity receiving lottery funds shall annually report to the Governor and the Legislature on or before May 15 the amount of lottery funds that the entity received and the purposes for which those funds were expended in the prior fiscal year, including administrative costs. The Department of Education shall report on behalf of K–12 entities. If applicable, the entity shall also report the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA's fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies

and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.25. (a) Notwithstanding any other provision of law, a sum not to exceed \$4,832,000 is appropriated from various special and non-governmental cost funds and reimbursements to the Controller for payment of costs to address litigation and related support efforts associated with the 21st Century Project. The Controller shall charge these funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to these funds pursuant to Section 12432 of the Government Code. Charges in support of the expenditures for the 21st Century Project shall be made every two months and the total amounts charged from these funds in the 2016–17 fiscal year shall not exceed the total expenditures incurred by the Controller for the 21st Century Project that are attributable to these funds in the 2016–17 fiscal year.

SEC. 25.50. Notwithstanding any other provision of law, an amount not to exceed \$888,000 is hereby appropriated from various funds to the Controller, as specified below, for reimbursement of costs for the ongoing maintenance and support of the Apportionment Payment System:

0046 Public Transportation Account	19,000
0062 Highway Users Tax Account	305,000
0064 Motor Vehicle License Fee Account	20,000

0932 Trial Court Trust Fund	174,000
0969 Public Safety Account	268,000
Total, All Funds	888,000

The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of \$10,000,000 are made annually from these funds. Assessments in support of the expenditures for the Apportionment Payment System shall be made monthly, and the total amount assessed from these funds may not exceed the total expenditures incurred by the Controller for the Apportionment Payment System for the 2016–17 fiscal year.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the

amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2016–17 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) Twenty percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) Ten percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2016–17 budget plan should

not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2017–18 fiscal year should be included in the administration’s 2017–18 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2016–17 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2016–17 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency’s written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases

in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2017.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2016–17 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2016–17 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2017, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2017.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department

of Finance is required for (1) the reclassification of any position to a monthly maximum salary of \$7,331 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2016) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2016–17 fiscal year shall terminate on June 30, 2017, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2017–18 fiscal year as new positions or (2) approved by the Department of Finance after the 2017–18 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2017. The positions identified in (2) above may be reestablished by the Department of Finance during the 2017–18 fiscal year, provided that these positions are shown in the Governor's Budget for the 2018–19 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2017–18 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2017–18 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2016–17 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2017–18 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2017–18 fiscal year, and subsequently decides to administratively establish the positions in the 2016–17 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in any state operations appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other provision of law, if a department implementing FISCAL demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds as specified in subdivision (a) and a temporary cash shortage arises in a state operations appropriation for the department, the Director of Finance may authorize a short term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (g) of Section 12, of Article IV of the Califor-

nia Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(c) For purposes of paragraph (2) of subdivision (a) of Section 20 of Article XVI of the California Constitution, “General Fund revenues” shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account.

(d) Pursuant to subdivision (h) of Section 20 of Article XVI of the California Constitution, the following estimates are provided:
